Topic: General

Program BRAC

Site:

Presentor EnSafe
Atkinson

Actions/Decisions:
317

Minute No. 1579 The historical SWMU 5 data including the October 2002 data was presented to the BCT. Team decided that EnSafe will prepare a brief letter report which will present the sampling results and request no further corrective action for the SWMU and submit to the TDEC and EPA. The report will briefly document the timeline of events for the SWMU.

06-Feb-03

Topic: Site Status Report

Program BRAC

Site: SWMU 5

Presentor EnSafe
Stedman

Actions/Decisions:
1302

Minute No. 1580 The January 2003 loess well sampling data was presented to the BCT. A VCA will be conducted to address the loess soil contamination. At the completion of this VCA, a letter will be prepared addressing the results of the VCA. It will document changes in the investigation from what was reported in the CMS WorkPlan. The letter will recommend that the fluvial deposits groundwater be included in AOC A.

06-Feb-03

Topic: Site Status Report

Program BRAC
